Room Number: _____

Staff Name: _____

WAY TO GO - YOU ARE MAKING A SPLASH!

DOLPHIN DOLLARS: Staff pass out these small tickets to recognize students' positive behaviors on a daily basis. Students collect them in a designated spot in their class and use them for special privileges or rewards that are tailored to their grade level. Students currently visit the Ocean Outlet once a trimester, however we will be moving in a different direction next school year.

POSITIVE REFERRALS: Staff recognize 1-3 students each week for S.W.I.M. behavior. One copy is sent home with the student and the other to the office for a drawing done on weekly Wednesday morning announcements. Students whose Positive Referrals are drawn get to attend Swimmy Snacks with the principal and SWIM coaches to enjoy snacks.

What happens when students are not S.W.I.M.MING?

Our goal is for students to learn and practice positive behavior through proactively teaching them our school expectations and acknowledging them for positive contributions. If negative behaviors arise, we provide timely and appropriate reminders and/or consequences with the purpose of supporting their growth and helping them learn from mistakes. We use our progressive discipline protocol to determine appropriate next steps.

Parents are partners in addressing student behavior.
