

# Active4.me Active Transportation Parent Registration/Permission Form

## What is it?

An incentive program encouraging active transportation (walking, biking, etc.). Students are rewarded with healthy activity, independence, daily mileage accrued and carbon dioxide emission/car trips saved. Various treats and small prizes may also be awarded.

## Who can participate?

Any student who walks or bikes to school can participate.

## How does it work?

Students must be registered to participate. Once registered, students receive a barcode scanner (like those used at gyms). Each day a student walks or bikes to school he/she goes to the scanning station at the lunch tables near the bike racks to have his/her barcode scanned. Once scanned in, you receive an email or text (if interested) letting you know your child's barcode has been scanned (they have arrived safely to school).

User Name (for example child's first initial and last 3 initials of last name): \_\_\_\_\_

Miles (Round trip): \_\_\_\_\_

Transportation Type (walk, bike): \_\_\_\_\_

Teacher: \_\_\_\_\_

Gender: \_\_\_\_\_

Parent name (print): \_\_\_\_\_

Parent email: \_\_\_\_\_

Parent cell (if text notification below): \_\_\_\_\_

Send notifications by (Optional):             Email                             Text

By signing below you accept the terms of the Active4.me scanning program.
